¹ Installation price assumes that the Customer's facility is pre-wired to designated digital terminal locations acceptable to Pac-West. If the Customer's location is not pre-wired, there will be a pre-wire charge for each standard location at which a digital terminal is installed as shown in 7.2.2.A., preceding. If a non-standard location is requested by the Customer, the Customer will be billed Time And Material Basis charges as shown in 15.1.13., following.

² A three line hunt group, three multiple appearances (that transfer), or a combination of the two are included free with the system. Multiple appearances that appear only on a set and do not transfer elsewhere are included without a charge.

³ Hunt group lines or multiple appearances in addition to the first three are subject to a monthly charge.

⁴ If an analog station line is installed at a new location the installation charge plus a pre-wire charge applies.

⁵ If installation of an analog station line is at an existing location and no new wiring is required, no installation charge applies.
